**CAR NUMBERS:** Every effort will be made to honor 2019 CenDiv reserved numbers through noon on July 13. Due to the make-up of run groups, however, this may not be possible in all situations. If two drivers holding the same reserved number request that number for the same run group, the number will be assigned to the driver with the earliest request. At noon on July 13, all unused reserved numbers will be available on a first-come, first-served basis. All three-digit car numbers must start with 1, i.e. 1XX. **When two drivers are sharing the same car for the weekend, each entry must have a different number assigned to them. Also, when one driver enters two different classes in the same race group, he/she must have a different number for each class entered.**

**TECH:** A driver with a valid 2019 helmet sticker and current annual with no logbook entries may present only the logbook and completed tech card to receive their event tech sticker. The tech card will be provided to the driver or entrant during Registration check-in and will be needed to obtain the tech event sticker. A driver whose helmet has a current year helmet sticker (signifying that his/her driver gear and helmet has been inspected previously in the current year) is not required to present their gear at tech. Only the helmet, logbook, and completed tech card are required to be presented at tech. If the logbook does not have a current Annual Technical Inspection stamp, the vehicle must also be presented for annual inspection. Please allow sufficient time to have your car inspected. Tech will be located in the Tech Building near the tower.

**SCALES:** Scales are located at the Tech Building. Tech scale hours are listed on the event schedule. Scales may be available for other participants during race impound, but priority will be given to impounded cars. Scales may be made available at other times at the discretion of the Chief of Tech.

**SPLIT STARTS:** Split starts are at the discretion of the Chief Steward, should be submitted as early in the weekend as possible, and will be accepted no later than 30 minutes after posting the final grid for the group.

**RACE LENGTH:** Races will be 22 laps unless declared a timed race by the Chief Steward. At the time of declaration of a timed race, the Chief Steward will also advise the race length.

**TIMED SESSIONS:** Depending upon the circumstances, the Chief Steward may direct the clock to continue to run during a black flag ALL in a timed session.

**START/FINISH:** The race will begin and end at the stripe in front of Timing and Scoring. An electronic display board may be used at the starter stand.

SUPPLEMENTAL REGULATIONS  
July 27 & 28, 2019 Sanction #'s 19-R-6010

**EVENT SCHEDULE / RUN GROUPS:** If changes are made prior to the start of the event, as much notice as possible will be given to all affected competitors. Every effort will be made to increase session lengths should the need to combine groups due to low entry counts occur. The schedule as published is for planning purposes only. Actual session start times may deviate from the published schedule based on event circumstances. Start times indicated in schedule are when cars are scheduled to be released from grid onto the track. Please listen to the PA system or tune to 88.7 FM and pay attention to what is happening on track.

**TIMING AND SCORING:** If the Chief Steward allows the substitution of a car or driver, per GCR 5.12.3.A.6, any qualifying times earned for the original car / driver up to that point will be removed.

**BLACK FLAG:** Vehicles which are leaking/spilling fluids, including fuel, may be black flagged from any session.

**GRID:** If qualifying is not run for a group for any reason, the Chief Steward shall determine the method of setting the grid for the race. The fastest qualifier in a race group who selects the "outside pole" (per GCR) must notify the Grid Marshal at the front of the field **before** the five-minute warning is given for that race group. Cars arriving at the grid after their group has been dispatched on track may, at the discretion of the Operating Steward, be held at pit out and released at the end of the pack after the field has completed the pace lap.

**PACE/SAFETY CAR:** In addition to GCR 6.6.2., the field shall follow the Pace/Safety car as long as its emergency lights are flashing, even if it varies from the normal race course. In the event a full course yellow results in dispatch of the safety car, the safety car will enter the racing surface at pit out.

**RADIO FREQUENCIES:** The following radio frequencies are reserved for race operations and may not be used by any competitors. These frequencies may be monitored but shall not be used for communication by any participant. Race Officials reserve the right to designate other frequencies for race administration.

452.700	457.700	461.150	461.325	462.200	463.700	464.075
461.175	463.225	464.525	466.175	468.225	469.525	

**SOUND CONTROL:** The maximum sound reading allowed by local ordinance is 102dB. During each qualifying session, if your car has three or more readings in excess of 102db, you will be black flagged and will lose your qualifying times for that session. During the race, if your car has three or more readings in excess of 102dB, you will be black flagged and moved to last finishing position with a loss of event points. (modified 07/18/2019) For your information, sound readings will be posted at Driver Information Center in the Pavilion. No race car or engine, including showroom cars with open exhaust, shall be run before 8:00 AM or after 6:00 PM on any weekend day or after 4:30 PM on Friday. No race engines may be run past 15 minutes after the last checkered flag of each day or the time published in the track rules, whichever is later. Cars released from impound or SOMs after that point may restart their engine, drive directly to their paddock (unless otherwise directed), and shut off their engine for the day.

**DISABLED CARS:** Disabled or damaged cars may be removed from the course and delivered to a central location. If the car has sustained body/chassis damage, it will be released to the driver/crew after tech has made appropriate notations in the vehicle log book. Cars disabled due to a mechanical failure will be released to the driver/crew immediately. If the car requires wrecker support to return to its paddock location, there may be a delay depending upon the availability of wreckers or flat tows.

**PADDOCK/PARKING:** The main access road must remain open for emergency vehicles and two-way traffic. The apron along the main access road is available to racers to use at their discretion as long as they are considerate of fellow competitors and behind the line. Trailers and campsites, including motorhomes and lawn chairs, must be completely on the grass. Failure to follow the direction of the Paddock Marshal or her/his designate regarding paddock parking or activities may result in expulsion from the facilities.

**CLOTHING:** Proper credentials, pants (long pants or shorts), closed-toe shoes, and shirts with sleeves are required in the pit lane, grid, and false grid.

SUPPLEMENTAL REGULATIONS  
July 27 & 28, 2019 Sanction #'s 19-R-6010

**PIT LANE:** Cars entering the track from the pits must remain to the right of the blend line until the end of that line at turn one. As the pit lane is narrow, please stop as far to the right as possible for the safety of crew and pit lane personnel. All competitors must maintain a slow, prudent speed on pit lane at all times. Use the transit lane until reaching and upon exiting your pit stall. Do not drive through other pit stalls. Tire scrubbing is permitted after the apex of corner one.

Four (4) crew members (plus the driver) are allowed over the wall to service a vehicle in pit lane, and only two (2) crew members are allowed over the wall for signaling purposes. **No crew members are allowed at the pit wall during starts and restarts.**

Please do not put any equipment in pit lane, including at the pit wall, +/- 10 feet of start / finish, as this may interfere with timing and scoring electronics.

**VICTORY LAPS:** When possible, victory laps will be permitted and are encouraged. The winner of each class should proceed immediately to pit out where he will receive a checkered flag and be directed on course for a single Victory Lap. Drivers need not wear a helmet or gloves during the victory lap and passengers are permitted in accordance with GCR 6.11.7. Drivers shall maintain a safe speed and be wary of any safety vehicles on course.

**RESULTS:** Live timing will be available during the event. Unless otherwise announced, live timing will be available via the Race Monitor App available for iPhone and Android phones. Qualifying, provisional and final results will be posted at Driver Information Center in the pavilion. Results will be available on the regions' websites ([www.scca-milwaukee.org](http://www.scca-milwaukee.org) and [www.bvrsgca.org](http://www.bvrsgca.org)) as soon as possible after the event.

**AWARDS:** Trophies for all races will be awarded in accordance with the GCR. Trophies may be picked up near the Driver Information Center in the pavilion after the race results become official. No trophies will be mailed. CenDiv Divisional Championship Series points will be awarded per CenDiv rules.

**SOCIAL EVENT:** There will be a Worker / Competitor party with a meal at the conclusion of activities on Saturday.

**TIRE SERVICE:** Hoosier Tire Midwest, 574-936-8344, email [hoosiertireply@aol.com](mailto:hoosiertireply@aol.com). Vendor will be at the track only if there are at least 3 preorders (12 tires) received by July 19.

**WELCOMING ENVIRONMENT:** The Central Division SCCA and its regions aims to provide an inclusive, welcoming environment for all participants. To that end, behaviors such as the following will be considered egregious examples of GCR 2.1.7, "Acting in an unsportsmanlike manner", and will be penalized as such:

1. Discriminating against, disparaging or verbally abusing a participant because of their gender identity, ethnicity, marital status, sexual orientation, religion, age or disability;
2. Harassing, intimidating, threatening or bullying any participant;
3. Doing any of the above outside the confines of the event, or in print or electronic media, in a way that affects that person's participation at the event.

### GENERAL RULES:

**CONTACT:** A competitor involved in contact, or who has violated flag rules (yellow, black, red, or checker) must report directly to impound in the racecar and report to the steward. All on-track body contact (including contact during drafting) that causes a car to act erratically and result in a change of position or a car leaving the course will be investigated.

Drivers may be held responsible for harm to property, including damage to the track and to the environment. Fees charged for the removal / disposal of hazardous waste or used tires will be assessed to the responsible driver.
