Mini Monte

A Monte Carlo Style Road Rallye

August 21, 2021

Sheboygan WI

Come join Milwaukee Region SCCA for a rallye. We will be exploring the northern Kettle Moraine forest area of Sheboygan and Manitowoc Counties. We will also pass by Road America race track, and run some of the original Elkhart Lake street race course of the early 1950s.

This event will be a bit different than our other rallyes in that we will be using Monte Carlo style timing and route instructions. Monte Carlo timing refers to the system used in the classic European rallyes of the 1950s. In a Monte Carlo, you are not assigned an average speed (CAST). Instead, all the controls are shown on the route instructions, along with the official mileage and an arrival time for car 0. The contestant needs to determine the proper speed to travel in order to pass the control at the right time. Penalties will be assessed at 1 point per second early or late, up to a maximum of 1 minute (60 points). You can expect to see many controls on the route, including some gauntlets where several controls happen very close together.

The Kettle Moraine is very scenic and should provide for a nice day on some wonderful winding roads. We hope to see you there.

Date: August 21, 2021

Registration: 9:00 AM

Drivers School: 10:30 AM
