

Come join us for a spring rally. Badger Burrow will be a paved tour with an emphasis on brisk country driving. Much of the event will be run in transit/free zones. This means that you can drive at your own pace on the unbelievable roads we have chosen. We will give you a car 0 time and an assigned speed near the checkpoints where you will need to remain on time until the control.

The roads on this event are unbelievable. All roads are paved, but nothing is straight and level. The roads twist constantly and climb up and over ridges. These are the sports car roads the area is famous for.

Watch Facebook 'Badger Burrow Rally 2019 for more information as it develops,
