

Bruce Lindstrand

Hello fellow Milwaukee Region SCCA members. Bruce Lindstrand here, running for re-election to the Milwaukee Region SCCA Board of Directors.

I have been a member of SCCA since 1979 and hold a Lifetime Membership. I was first elected to the Milwaukee Region BOD in 2006 and have served since. I was Vice Regional Executive from 2007 through 2012 and again in 2019 through 2020. I was elected to the National Board of Directors of SCCA and represented the members of Area 5 for two consecutive terms (2013 through 2018).

Early on, I raced Formula Ford then Formula Continental I then dedicated myself to the sport of SCCA club racing when I left the corporate world in the spring of 2000 and established Lindstrand Motorsports, Inc. Until my retirement in 2021, my customers and I traveled the lower 48 states to compete in hundreds of regional and national (now Majors) events including the Runoffs at Mid-Ohio, Daytona, Laguna Seca, Sonoma, VIR, Indianapolis, Topeka, and of course Road America. Although retired, you will still find me in the paddock with fellow Milwaukee Region members Bob Flemming and Brian Lindstrand at most (if not all) Central Division events. I've experienced what works and what has failed in SCCA. I've survived the challenging times in SCCA and enjoyed the most positive times! I bring this experience as a participant to the BOD.

If re-elected, I will strive to help coordinate efforts between all the Region's interests (road racing, track days, autocross, rallycross, road rally, and Street Survival) to minimize date conflicts and dilution of participation. I will continue to be the biggest advocate for our most important resource, our workers. I will continue to be accessible and to listen to what our members have to say. I will work to ensure everyone has a positive experience regardless of the type of event or their level of participation, so they stay involved and become lifelong members and participants of SCCA (like me).
