

Sachin Shah

1. What skills would you bring to the Board of Directors, if elected?

Answer:

I am a team player. As a newer member to the SCCA, I will bring fresh ideas to elevate members experience. I welcome feedback from members on events they would like to have organized.

2. What leadership roles have you had in work, SCCA, or other volunteer endeavors?

Answer:

I am a managing partner at work. As a managing partner, I am responsible for overseeing (all) operations and making sure they get executed properly to ensure our client's needs are met. Prior to SCCA, I led a group that organized an annual car convention (NSXPO) with attendees from around the world. Within SCCA, I organize the annual Open House & Race Car Show. I represented Milwaukee Region at the 2024 Milwaukee Auto Show. I brought in sponsors to pay for Street Survival, as well as Drive.

3. What would you seek to change in Milwaukee Region, if elected?

Answer:

I would like to see all of our programs work together to put on joint events and high member engagement. If members are seeking out events that the Region does not host, like a Cars and Coffee, or Car Corral at Road America, then I would seek to change that.

4. What would you seek to keep the same in Milwaukee Region, if elected?

Answer:

Our existing programs, at their core, run well. I would continue to keep the existing programs running as they are.

5. Why do you want to run for the Board of Directors?

Answer:

I want to see more members be engaged in events. I want enthusiasts who don't necessarily have a club to belong to, i.e. BMWCCA or PCA, to find a home within SCCA.

6. What has been your involvement in SCCA?

Answer:

I organize the annual Open House, work on the operations of Street Survival, and

volunteer for DRIVE. I volunteer for Tech/Grid for Track Days. I worked with the program chairs for the Festival of Speed, a celebration for the 75th anniversary of the Milwaukee Region
